

Open Space and Urban Farming

Our Mission

- Preserve natural lands located in Salt Lake County for the enjoyment of county residents and the public at large
- Preserve agricultural land to meet the nutritional needs of present and future generations and support local farmers
- Better utilize County lands
- Provide agricultural-based economic development opportunities
- Preserve vistas and landscapes
- Promote a healthy lifestyle and improved nutrition along the Wasatch Front

Our Programs

- ▶ Parks for Produce - community gardens in county parks
- ▶ Farm to School
- ▶ Farmlink - Connecting local farmers to land owners
- ▶ Commercial farming on county open space

Potential Collaborations with the U

- ▶ Volunteer support to create and implement nutrition programs for children in schools and recreation centers
- ▶ Leading nature walks and outdoor events on open space parcels
- ▶ Performing outreach to disadvantaged communities for community gardens
